

Self-Build Mortgage Products

13th April 2023

Our approach to meeting the Products & Services Outcome and Price & Value Outcome – Information for distributors of the Product.

This summary document is being provided to you to fulfil our responsibilities under PRIN 2A.4.15R and PRIN 2A.3.12 R (2). -

It is designed to support you to comply with your responsibilities under PRIN 2A.3.16 R and PRIN 2A.4.16 R. Please note that you are ultimately responsible for meeting your obligations under 'The Consumer Duty'.

This information is intended for intermediary use only and should not be provided to customers.

Summary of Our Assessment

We have assessed that:

- Our Self-Build product range continues to meet the needs, characteristics, and objectives of customers in the identified target market.
- The intended distribution strategy remains appropriate for the target market.
- The Product provides fair value to customers in the target market (i.e. the total benefits are proportionate to total costs).

Product characteristics and benefits

The products are designed to meet the needs of the target group, the product features and criteria are designed to support these needs.

- Mortgage Term up to 40 years
- Cashback and fee support (product specific)
- Family support options (subject to eligibility)
- Availability for customers who want to build or renovate a property
- Funds released in stages as the client's build progresses
- Funds released in stages on an advanced or arrears basis up to x% of project costs
- Stage releases are not dependent on an increased valuation being evidenced during the project as the cash flow is agreed upfront and stages are released on a loan to cost basis. This therefore removes the risk of the customer not getting what they expected or need (subject to the total agreed mortgage not exceeding x% of the value of the completed property)
- No maximum age (subject to eligibility)

Full eligibility criteria can be accessed on our intermediary website at

www.chorleybs.co.uk/lending-criteria

Target market assessment and distribution strategy

This target market assessment matrix segments the target customers for the Product, recognising their different needs to enable you to tailor the services you provide when you distribute the Product.

Customer Circumstances	Distribution Strategy	Customer Needs & Objectives
<p>New customers looking to build or renovate a property to be their main residential property.</p> <p>Borrowers who are over the age of 21 and resident in the UK.</p> <p>Customers looking to lend whilst or into retirement</p>	<p>Intermediary via: Buildloan only</p>	<p>Borrowers looking to purchase or remortgage land or property with the intention to develop a property as a residential dwelling.</p> <p>Are looking to release the funds for the build in stages.(funds are available at the right time during the build as agreed as part of the application process)</p> <p>Are comfortable with interest rates and monthly payments changing throughout term of the product.</p> <p>Who require the option of interest only during the build to keep the costs low.</p> <p>Borrowers who are seeking a repayment mortgage to clear the capital by the end of the term or a mortgage with an element of Interest Only borrowing with a suitable repayment vehicle in place to clear at the end of the term.</p> <p>Customers who require the option of a product with no fees or early repayment charges.</p>

The Product is not designed for customers who:

- Under the age of 21
- Are currently resident outside of the UK or have been resident outside the UK within the last 3 years
- Borrowers who are seeking stability in their monthly payments for a period of time.
- Are purchasing or remortgaging with the intention to build and let the property
- Do not meet our lending or property criteria

Customers with characteristics of vulnerability

The Product is designed for the customers who can accommodate changes in their interest rate during the product term, which is likely to include some customers with characteristics of vulnerability or who will experience vulnerability over time.

Some borrowers may not have a comprehensive understanding of mortgages or the mortgage market. Therefore, they may require additional advice and support to ensure they understand the information being presented to them and the implications of the arrangement they are entering into to reduce the risk of harm occurring.

We considered the needs, characteristics, and objectives of customers with characteristics of vulnerability at all stages of the design process for this Product to ensure the Product meets their needs.

We have also tested the Product to assess whether it will meet the identified needs, characteristics, and objectives of the target market, including customers in the target market who have characteristics of vulnerability.

We have in place a framework to achieve good outcomes for vulnerable customers, which includes:

- Education and training for our staff to ensure they have the appropriate skills and experience to recognise and respond to the needs of vulnerable customers.
- Flexible approach to communication based on the individual needs of the customer.
- Flexible policies, where appropriate, to support vulnerable members
- Monitoring to ensure we continue to meet and respond to the needs of customers with characteristics of vulnerability.
- Dedicated team who can support customers with early hardship, arrears and issue throughout the build.

Intermediaries should continue to comply with your obligations to ensure that you treat customers in vulnerable circumstances fairly.

Please contact us if you need any further information about how we support the needs of all our customers in relation to the Product.

Our assessment of value

We have developed a comprehensive and robust assessment process which evaluates several aspects of our business to determine the value of our mortgage product. This analysis is used to ascertain whether the Product delivers fair value for customers.

The outcomes of the assessment process are presented to the ALCO committee allowing for challenge and further investigation before we sign-off the outcomes and share the summary of our assessment with you.

Our fair value assessment has considered the following:

Benefits	Price	Costs	Limitations
The range of features that the Product provides, the quality of the Product, the level of customer service that is provided and any other features that the Product may offer.	The interest rates, fees and charges customers pay for the Product, comparable market rates, advice fees paid to intermediaries and non-financial costs associated with operating the Product.	The cost of funding with frequent reviews to ensure the best outcome to the customer.	Any limitations on the scope and service we provide or the features of the Product.

Results of our assessment

Our assessment concluded that the Product continues to deliver fair value for customers in the target market for the Product.
